Specifications

Printing Features :

Printing Method :	Direct thermal printing
Resolution :	203DPI
Use :	A4 Thermal printer
Thickness :	60~150 micron
Max.print width :	216mm
Maximum Print Lenth :	762mm
Maximum print speed :	20mm/s
Maximum roll diameter :	30mm
Print head life :	30km
Paper type :	Continuous thermal paper
Split mode :	Manual tear off

Performance Features

Processor :	32-bit processor
Sensor :	Paper detection sensor ,Open cover sensor
Interface :	USB+Bluetooth
Storage :	8MB Flash Memory, 8MB SDRAM

Physical Features

Media width :	150.6 ~ 220 mm
Dimensions :	260(L)mm*78(W)mm*50.5(H)mm
weight :	1.2kg
Color :	White

WDLINK

Environmental Conditions & Power

Battery :	Li-On rechargeable
Voltage :	11.1V
Capacity :	1200mAh
Input :	AC 100-240V, 0.5A 50/60 Hz
Output :	DC 5V, 2A
Operating :	Temperature 5 °C~ 45 ; Humidity 20% ~ %65 RH
Storage :	Temperature -10 °C~ 60 ; Humidity 20% ~ %65 RH
